THE CHAIR

The Company's Chair is an independent, Non-Executive Director, in accordance with the FSC Standard. The current Chair is Jan Swinhoe. The role of the Chair is to facilitate effective discussion and decision-making at the Board level and to ensure that the Committees under the control of the Board are fulfilling their functions and that the decisions are made in the best interests of Fund members and beneficiaries.

QUORUM

Under the Company's Constitution, a quorum of two directors entitled to vote on the resolutions is required for each Board meeting. As required by FSC Standard 20, a quorum of Board meetings will only be made if a majority of directors present and entitled to vote are independent.

VACANCY

In accordance with FSC Standard 20, any vacancy in the office of an independent director will be filled within 180 days.

DIVERSITY

The Company has adopted Mercer Australia's Diversity and Inclusion Policy, which is a group-wide policy that has been approved by all of Mercer Australia's Boards. Central to this policy is the belief that diversity in all its forms is critical for an energised, capable and effective Board, which focuses on new and independent thinking.

Mercer Australia is committed to achieving greater gender diversity for its Boards, with a target to achieve equal gender representation. While Mercer Australia has this target, all appointments are merit-based, seek to complement the skills, experience and attributes of current Board members and ensure alignment with the values and strategic focus of Mercer Australia.

The Company will report against this target in accordance with the FSC Standard. At the date of preparation of this statement, three (50%) of the Company's Non-Executive Directors are women.

INDEPENDENCE

INDEPENDENCE OF CHAIR AND MAJORITY OF DIRECTORS

In accordance with the FSC Standard, the Board consists of a majority of independent, Non-Executive Directors and the Chair of the Board is an independent, Non-Executive Director.

All directors, with the exception of Mr Bengler and Mr Wickham, have been determined to be independent in accordance with the definition contained in the FSC Standard. The Board is of the view that none of the directorships held by any of the Directors creates a real (or sensible possibility) of a material conflict that cannot be managed.

DEALINGS WITH RELATED PARTY SERVICE PROVIDERS

All contractual agreements are established on an arm's length basis. From time to time and upon renewal of an agreement, the Company seeks a review of the Company / Mercer agreements by an external independent party to check that the terms and conditions, including the services and standards specified, remain appropriate. Performance standards are regularly reviewed.

At Board and Committee meetings, service provider representatives are required to attend to answer questions and receive feedback from the Company regarding their performance. Actions arising from these discussions are monitored by the relevant Committee until the Board is satisfied they have been appropriately addressed. In this respect, Mercer is treated as any other service provider.

Further, the Company's Conflicts Management Framework requires that any potential conflicts between the Company and Mercer are managed in a way that ensures that the quality of services provided to the Company's funds is not compromised by such potential conflicts and that the Company meets its fiduciary obligation to its members.

TRUSTEE/BOARD POLICIES

BOARD RENEWAL

The Company is committed to good governance, and places emphasis on the process of Board renewal with the aim of maintaining an energised, capable and effective Board which is focused on new and independent thinking and always able to act in the best interests of Fund beneficiaries in achieving the Company's objectives.

The Company's policy with regard to the Board's composition and the appointment and tenure of its directors is, to the extent applicable, to comply with:

- (a) APRA governance requirements;
- (b) the requirements of its AFS Licence;
- (c) the FSC Governance Standard ; and
- (d) any applicable Mercer or Marsh & McLennan Companies policy, whilst balancing the desire to inject fresh and independent thinking against the risk of loss of corporate knowledge and relevant expertise

The Company has adopted a Board Governance Policy which sets out its minimum standards relating to:

1. The appointment and tenure of directors, including;
 - (i) selection, appointment and renewal criteria and process;
 - (ii) independence assessment;
 - (iii) performance objectives and assessment; and
2. Board governance generally, including:
 - (i) Board composition;
 - (ii) Board objectives and assessment;
 - (iii) meeting preparation and participation; and
 - (iv) roles of and operation of committees.

The standard term of appointment for directors of the Company is three years, after which the director is eligible for re-appointment. Re-appointment as a Company Director is conditional on satisfactory performance via an annual appraisal process (and where applicable, meeting the FSC independence criteria). The Board has determined the maximum period of tenure for an individual director will be nine years. However, in exceptional circumstances including to ensure an orderly transition of directors, the

Remuneration and Nominations Committee may recommend an extension to this period for an additional period(s) of no longer than three years, in total.

Under the Company's Constitution, the power to appoint a Director is vested in the Company's shareholders. The Company's sole shareholder is MAPL, which is part of Marsh & McLennan Companies. The process for appointment of Directors is contained in the Board Governance Policy, which requires the input of the Company's Remuneration and Nominations Committee in the selection process.

Potential new candidates for Board membership are assessed having regard to the required director competencies contained in the Board Governance Policy.

BOARD ASSESSMENT PROCESS

The Remuneration and Nominations Committee oversees an annual evaluation of the Board's performance and effectiveness, including the performance of the standing committees and individual directors. The purpose of the evaluation is to:

- (a) identify any issues for improvement;
- (b) clarify individual and group roles;
- (c) help identify any skills gaps;
- (d) assist team cohesion among Board members;
- (e) help improve relationships between the Board and management;
- (f) improve the effectiveness of the Board to achieve objectives; and
- (g) improve corporate and Fund performance.

This evaluation is expected to be undertaken on a self-assessment basis facilitated by the Board Chair, with the support of the Company Secretariat. At least once every two years, the evaluation will be carried out by an external party. The evaluation will focus on (as a minimum):

- (i) performance against the agreed role of the Board;
- (ii) the extent to which the Board has met its objectives over the preceding year;
- (iii) the Board's contribution to the Company and the Funds over the preceding year generally, including areas in which the Board or management believes the Board's future contribution or efficiency could be enhanced; and
- (iv) adequacy of administrative arrangements available to assist the Board.

A similar evaluation will be carried out in respect of each committee. In the case of directors, the assessment also considers whether they have met their Role Objectives over the preceding year.

REMUNERATION

BOARD REMUNERATION POLICY

The Company has adopted a Remuneration Policy which is overseen by the Remuneration and Nominations Committee.

The Remuneration Policy references the reward guiding principles established by the Marsh and McLennan Companies Group Compensation Committee and Mercer's global rewards philosophy. The policy takes account of APRA's Prudential Practice Guide 511 – Remuneration, as well as the Financial Stability Board's Principles for Sound Compensation Practices as referred to in the Prudential Standard.

The Remuneration and Nominations Committee, with advice from Mercer's Chief Risk and Compliance Officer and the People & Culture Leader, will regularly review the appropriateness of Mercer's reward structures, particularly of variable remuneration, to ensure that they promote sound and effective risk management and do not reward failure, and they do not encourage risk-taking that exceeds the level of tolerated risk for the Company. Variable pay plans will be assessed against APRA's Prudential Standard

and the Committee will determine if those plans are appropriately balanced from a risk perspective in terms of both the ratio between fixed and variable compensation and the structure and period of deferrals (both cash and stock), and make recommendations to the Company Board where the Committee deems this appropriate.

The Remuneration and Nominations Committee has the authority to adjust performance-based components of remuneration downwards, to zero if appropriate, in relation to persons or classes of relevant persons, if such adjustments are necessary.

REMUNERATION OF DIRECTORS AND EXECUTIVE OFFICERS

Non-Executive Directors receive remuneration for their work, which is paid by the Company's immediate parent MAPL. Executive Directors do not receive any remuneration in relation to their directorship. The Company's Executive Directors, if any, are employed by MAPL and are made available to the Company under a group resource-sharing arrangement. MAPL's business is broader than the management of the Fund and many executive officers' responsibilities extend beyond the management of the Fund and the Company. To the extent that is the case, the remuneration disclosed for these Executive Officers is apportioned.

Remuneration paid in relation to Directors and relevant executive officers for the financial years ended 31 December 2019 and 31 December 2020 is shown in the tables below.
